

# Planning for Communities

in the Cornwall-Lebanon School District

Cornwall Borough  
North Cornwall Township  
North Lebanon Township  
South Lebanon Township  
West Cornwall Township

*How can our 5 local governments protect and sustain our quality of life as change occurs over the next 10 years?*

**This is the purpose of the Regional Comprehensive Plan. The Steering Committee has prepared recommendations to address the issues and opportunities we foresee. They include:**

- ◆ **Tweak zoning** to encourage local job creation, mixed residential and small commercial neighborhoods, housing diversity for all ages and abilities, and natural and historic resource protection
- ◆ **Advance tourism** based on our local assets—agriculture and heritage
- ◆ **Make transportation improvements** to reduce and prevent congestion, improve roadway safety for all travelers, and expand sidewalk and trail systems
- ◆ **Program infrastructure maintenance** to maintain efficiency and manage costs
- ◆ **Manage all waters**—streams, groundwater, and stormwater—**for supply and quality**
- ◆ **Cooperate to expand and improve public services**
- ◆ **Protect significant natural and historic resources** and provide incentives for private landowners to do the same

**The Steering Committee invites you to discuss these draft recommendations. The presentation will outline the final plan preparation tasks and the plan review and adoption schedule.**

**Public Meeting #2**

**Thursday, February 16, 2012**

**South Lebanon Elementary School, Large Group Instruction Room  
1825 South Fifth Avenue, Lebanon, PA 17042**

**6:00pm Doors Open ◆ 6:30pm Presentation ◆ 7:00pm Discussion**

**A snow date of February 23 has been scheduled, if needed.**
